SEA SOCIETY IBIZA

**ONE PLATFORM.
ENDLESS EXPERIENCES AT SEA.**

Sea Society Ibiza acts as a luxury charter broker for Ibimar's fleet of 19 boats.

The website is the key tool for converting visitors into customers: it must offer people who have discovered the brand via social media sufficient visual appeal, confidence in the service, and a seamless way to make an enquiry or book a charter.

1. Objective & Target Audience

- The main objective of the website is to generate direct booking enquiries via the website.

Attract → Build trust → Convert

- Target audience: affluent leisure travellers (aged 25–55), European market (BE, NL, DE, FR, UK) as well as the USA and UAE, interested in Ibiza, Formentera, luxury experiences and lifestyle.

- The website is 100% B2C: emotional, visually driven, lifestyle-oriented. No reference whatsoever to Ibimar's B2B structure.

2. Merknaam & URL

- Brand name: Sea Society Ibiza by Ibimar
- Desired domain name: seasocietyibiza.com

3. Look & Feel

ES VEDRA ROCK

with a scroll pointing towards the sea
featuring 3 boats and text

3. Look & Feel

- Atmosphere: luxurious yet approachable, sunny, Mediterranean, organic.
- Colours: off-white, deep turquoise, red.
- Typography: elegant and modern, combining a serif (headings) and a clean sans-serif (body text).
No generic website fonts. Brand book to be supplied.
- Image use: full-screen, breathtaking, movement. Photos and short videos.
- Animations: subtle, fade-ins, parallax scrolling, no exaggerated effects.

4. Sitemap & Pages

Homepage: hero image animation with scroll effect, direct CTA to ‘Book here’

Brief introduction to Sea Society,

The Fleet: grid view of all boats with filter options (size, type, capacity, price).

Boat Detail Page: Each boat has its own page with a photo gallery, specifications, USPs and a prominent CTA button.

Experiences: Day trips, sunset cruises, multi-day trips to the Balearic Islands, special occasions (birthdays, marriage proposals, corporate events). Each with its own angle and target audience. Catering upgrades, water toys, photographer extras, floral arrangements, champagne packages.

Destinations: Ibiza, Formentera, Mallorca with route maps, mooring points and editorial articles on what to see. A goldmine for SEO.

About: The story behind the Sea Society brand, explanation of the partnership with Ibimar, crew profiles, introduction to Botafoc marina. This builds trust with customers making high-value bookings. Instagram feed integration

Automatically pull the latest 6–9 Instagram posts onto the homepage (use Elfsight or a native Webflow integration). Keeps the site feeling alive without manual updates and bridges social media directly to the website.

Book/Enquire: with a direct click-through link to WhatsApp

Contact / FAQ: frequently asked questions (boat hire, prices, what’s included, etc.), contact form and WhatsApp CTA.

4. Sitemap & Pages

5. Booking process: WhatsApp-first

- There is no automated real-time booking — customers send a request via WhatsApp
- Every page, and certainly every boat page, features a prominent ‘Book now via WhatsApp’ button (sticky on mobile, clearly visible on desktop).
- No payment module, no real-time calendar — this is handled by Ibimar after contact.

6. Technical Requirements

- Mobile-friendly (mobile-first design) — at least 70% of traffic will be from mobile devices
- Fast-loading pages: optimised images (WebP), lazy loading, max. 3-second load time
- SEO-ready: correct H1/H2 structure, meta descriptions, alt text on all images, sitemap.xml, robots.txt
- Google Analytics 4 + Meta Pixel installed prior to launch
- SSL certificate (https)
- GDPR-compliant cookie banner and privacy policy
- Simple CMS so we can update text, photos and FAQs ourselves without a developer
- GDPR & cookie legislation: privacy policy, cookie consent banner,

Meta titles and descriptions for every page. Correct H1/H2 structure. Submit sitemap to Google Search Console upon launch. Target keywords: “yacht hire Ibiza”, “boat hire Ibiza”, “private boat Ibiza Formentera”.

7. Delivery

- **Deadline for website launch: no later than 1 June 2026 (in conjunction with the social media launch)**
- **The external party will deliver: design, development, hosting configuration, analytics setup and a brief training session for the team**
